DISPOSITION

Action: Approved.¹

Action date: October 17, 2002

Effective dates of authority granted: October 17, 2002-October 17, 2003

Basis for approval (bilateral agreement/reciprocity): U.S.-Argentina Air Transport Agreement

Except to the extent exempted/waived, this authority is subject to the terms, conditions, and limitations indicated:
X Standard exemption conditions (attached)

Special conditions/Partial grant/Denial basis/Remarks: By memorandum dated October 4, 2001, the FAA advised us that it knew of no reason why we should act unfavorably on Air Plus Argentina's application.

Action taken by: **Paul L. Gretch, Director**
Office of International Aviation

Under authority assigned by the Department in its regulations, 14 CFR Part 385, we found that (1) the applicant was qualified to perform the proposed operations; (2) our action was consistent with Department policy; (3) grant of the authority was consistent with the public interest; and (4) grant of the authority would not constitute a major regulatory action under the Energy Policy and Conservation Act of 1975. To the extent not granted/deferred/dismissed, we denied all requests in the referenced Docket. We may amend, modify, or revoke the authority granted in this Notice at any time without hearing at our discretion.

Persons entitled to petition the Department for review of the action set forth in this Notice under the Department's regulations, 14 CFR § 385.30, may file their petitions within seven days after the date of issuance of this Notice. This action was effective when taken, and the filing of a petition for review will not alter such effectiveness.

¹ With respect to Air Plus Argentina's charter authority, we note that the Agreement provides for the operation of Third and Fourth Freedom all-cargo charters without limitation but places a numerical limit on the number of Third and Fourth Freedom passenger charter operations that can be operated by the carriers of Argentina. Therefore, Air Plus Argentina shall not perform any Third and Fourth Freedom passenger charters unless specific authority in the form of a statement of authorization for such charter(s) has been granted by the Department. Air Plus Argentina shall file applications for such statements of authorization pursuant to the procedures set forth in § 212.10. The Agreement does not provide for the operation of Fifth Freedom passenger or cargo charter operations, and all such charters continue to be subject to prior approval under Part 212 of our rules.

FOREIGN AIR CARRIER CONDITIONS OF AUTHORITY

In the conduct of the operations authorized, the holder shall:

- (1) Not conduct any operations unless it holds a currently effective authorization from its homeland for such operations, and it has filed a copy of such authorization with the Department;

- (3) Comply with the requirements for minimum insurance coverage contained in 14 CFR Part 205, and, prior to the commencement of any operations under this authority, file evidence of such coverage, in the form of a completed OST Form 6411, with the Federal Aviation Administration's Program Management Branch (AFS-260), Flight Standards Service (any changes to, or termination of, insurance also shall be filed with that office);
- (4) Not operate aircraft under this authority unless it complies with operational safety requirements at least equivalent to Annex 6 of the Chicago Convention;
- (5) Conform to the airworthiness and airman competency requirements of its Government for international air services;
- (6) Except as specifically exempted or otherwise provided for in a Department Order, comply with the requirements of 14 CFR Part 203, concerning waiver of Warsaw Convention liability limits and defenses;
- (7) Agree that operations under this authority constitute a waiver of sovereign immunity, for the purposes of 28 U.S.C. 1605(a), but only with respect to those actions or proceedings instituted against it in any court or other tribunal in the United States that are:

(a) based on its operations in international air transportation that, according to the contract of

carriage, include a point in the United States as a point of origin, point of destination, or agreed stopping place, or for which the contract of carriage was purchased in the United States; or

(b) based on a claim under any international agreement or treaty cognizable in any court or other tribunal of the United States.

In this condition, the term "international air transportation" means "international transportation" as defined by the Warsaw Convention, except that all States shall be considered to be High Contracting Parties for the purpose of this definition;

- (8) Except as specifically authorized by the Department, originate or terminate all flights to/from the United States in its homeland;
- (9) Comply with the requirements of 14 CFR Part 217, concerning the reporting of scheduled, nonscheduled, and charter data;

Moreover, this authority cannot be sold or otherwise transferred without explicit Department approval under Title 49 of the U.S. Code (formerly the Federal Aviation Act of 1958, as amended).

¹ To assure compliance with all applicable U.S. Government requirements concerning security, the holder should, before commencing any new service (including charter flights) from a foreign airport that would be the holder's last point of departure for the United States, inform its Principal Security Inspector of its plans.
